1 [Wired for wireless: extending your network and expanding your reach](#) 77%

Nathan L. Shane Byrer , Renee M. Jackson

Proceedings of the 30th annual ACM SIGUCCS conference on User services

November 2002

In this paper, we will review the planning, creation and use of wireless technology in campus initiatives based on our campus wireless implementations and partnership at Indiana University - Purdue University Indianapolis (IUPUI). We will review experience gained and share tips to making large wireless projects successful.
